MEMORANDUM FOR: Deputy Director for Support

SUBJECT : Office of Training Report for the
Week Beginning 30 August 1972

I. Courses

a. At a 24 August meeting of the Working Group, which oversees the Drug Abuse Seminar, it was decided, based on projections by Central Processing of the number of employees destined for overseas, to continue the weekly seminar during the month of September. Personnel Officers will be asked to encourage unmarried and childless employees to attend the seminar before going overseas.

b. We have received 125 applications for the Information Science for Intelligence Functions Course starting on 11 September. The course can only accommodate 26 students. We have set the following quotas: CIA-12, NSA-7, DIA-5, and two slots to the military. There were 24 applicants from the Agency for this running. The Senior Training Officers established the priorities for each Directorate. We would like to conduct additional runnings of this course to meet the heavy demand, but because of tight scheduling and a limited instructional staff it would be most difficult.
